## Contents

### ANIMAL BREEDING AND GENETICS

144. Investigation of Biases for Variance Components on Multiple Traits with Varying Number of Categories in Threshold Models Using Bayesian Inferences / *D. H. Lee (Korea)* ..... 925
145. Quantitative Trait Loci Mapping for Porcine Backfat Thickness / *X. L. Wu, C. Lee, J. Jiang, Y. L. Peng, H. F. Yan, S. L. Yang, B. N. Xiao, X. C. Liu and Q. S. Shi (Korea)* ..... 932
146. Genetic Polymorphisms of BTN and STAT5a Genes in Korean Proven and Young Bulls / *K. H. Lee, K. W. Chang, K. H. Cho and K. J. Lee (Korea)* ..... 938
147. Heritability and Repeatability of Superovulatory Responses in Holstein Population in Hokkaido, Japan / *Y. Asada and Y. Terawaki (Japan)* ..... 944

### ANIMAL REPRODUCTION AND PHYSIOLOGY

148. Role of Calcium and Calcium Channels in Progesterone Induced Acrosome Reaction in Caprine Spermatozoa / *P. R. Somanath and K. K. Gandhi (India)* ..... 949
149. Protocols for Estrus Synchronization in Awassi Ewes under Arid Environmental Conditions / *A. Y. Abdullah, M. Q. Husein and R. T. Kridli (Jordan)* ..... 957

### RUMINANT NUTRITION AND FORAGE UTILIZATION

150. Milk Production, Blood Metabolites and Circulatory Levels of Hormones in Crossbred Goats / *Mahendra Singh and R. S. Ludri (India)* ..... 963
151. Chewing Activities of Selected Roughages and Concentrates by Dairy Steers / *Y. H. Moon, S. C. Lee and S. S. Lee (Korea)* ..... 968
152. Ruminant Behavior of Protein and Starch Free Organic Matter of Lupinus Albus and Vicia Faba in Dairy Cows / *P. Yu, B. J. Leury and A. R. Egan (Canada)* ..... 974
153. Glucose Kinetics for Milk Synthesis in Etawah Crossbred Goats Fed King Grass Silage Prepared with Manure / *B. Kiranadi and D. Sastradipradja (Indonesia)* ..... 982
154. Effect of Leucaena Row Spacing and Cutting Intensity on the Growth of Leucaena and Three Associated Grasses in Thailand / *S. Tudsri and C. Kaewkunya (Thailand)* ..... 986
155. Influence of the Novel Urease Inhibitor Hydroquinone on Growing Lamb Nitrogen Utilization / *Y. G. Zhang, A. S. Shan and J. Bao (P. R. China)* ..... 992
156. Nutrient Value of Saltwort (*Salicornia herbacea* L.) as Feed for Ruminants / *N. Ishikawa, K. Shimizu, T. Koizumi, T. Shimizu and O. Enishi (Japan)* ..... 998
-

- 
157. Efforts toward the Purification of Fungal Growth Inhibiting Factor from Cicer Milkvetch (*Astragalus cicer*) / J. S. Chang, J. O'Fallon and R. E. Calza (USA) ..... 1002

#### NONRUMINANT NUTRITION AND FEED PROCESSING

158. Dietary Conjugated Linoleic Acid Can Decrease Backfat in Pigs Housed under Commercial Conditions / F. R. Dunshea, E. Ostrowska, B. Luxford, R. J. Smits, R. G. Campbell, D. N. D'Souza and B. P. Mullan (Australia) ..... 1011
159. Studies on the Fine Structure of Caeca in Domestic Geese / Yieng How Chen, Hoang Kao Hsu and Jenn Chung Hsu (ROC) ..... 1018
160. Effect of Dexamethasone Stress on Concentrations of Zinc in Blood Plasma and in Sub-Cellular Fractions of Various Tissues of Neonatal Buffalo Calves / Charanbir Singh and S. P. S. Singha (India) ..... 1022
161. Growth Associated Hormones Response and Fat Metabolism Change in Finishing Pigs Fed with n-Methyl-d,L-Aspartate / Gang Xi, Zirong Xu and Ping Xiao (USA) ..... 1026
162. Screening of Conjugated Linoleic Acid Producing Lactic Acid Bacteria from Fecal Samples of Healthy Babies / J. S. Ham, Y. M. In, S. G. Jeong, J. G. Kim, E. H. Lee, H. S. Kim, S. K. Yoon and B. H. Lee (Korea) ..... 1031
163. Effect of Germination and Heating on Phytase Activity in Cereal Seeds / Xi Ma and Anshan Shan (P. R. China) ..... 1036
164. Prevention of Scours in Neonatal Kids after Oral Administration of an Organic Acid Solution or Antibiotics / S. K. Kritas, A. R. Burriel, A. H. Tzivara, S. C. Kyriakis, H. Karatzias and J. Vlemmas (Greece) ..... 1040

#### ANIMAL PRODUCTION AND APPLIED SCIENCE

165. Intracellular Mechanisms of Growth Hormone Action on Apoptosis in Cultured Porcine Ovarian Granulosa Cells / A. V. Sirotkin, A. V. Makarevich, J. Pivko and H.-G. Genieser (Slovakia) ..... 1045
166. Esterified-Glucomannan in Broiler Chicken Diets-Contaminated with Aflatoxin, Ochratoxin and T-2 Toxin: Evaluation of its Binding Ability (*in vitro*) and Efficacy as Immunomodulator / M. V. L. N. Raju and G. Devegowda (India) ..... 1051
167. Antagonism against *Helicobacter pylori* and Proteolysis of *Lactobacillus helveticus* CU631 and Strain Identification / Y. H. Yoon and B. R. Won (Korea) ..... 1057

#### ANIMAL HEALTH AND WELFARE

168. Effects of Daidzein on Body Weight Gain, Serum IGF-I Level and Cellular Immune Function in Intact Male Piglets / Wang Genlin, Zhang Xiangying, Han Zhaoyu, Liu Zhaobin and Liu Weirong (P. R. China) ..... 1066
-
