
Animal Breeding and Genetics

- 1** Expression of FKBP prolyl isomerase 5 gene in tissues of muscovy duck at different growth stages and its association with muscovy duck weight
Zhigang Hu, Liyan Ge, Huilin Zhang, Xiaolin Liu (China)
- 13** Somatic cell score: gene polymorphisms and other effects in Holstein and Simmental cows
Jindřich Čítek, Michaela Brzáková, Lenka Hanusová, Oto Hanuš, Libor Večerek, Eva Samková, Eva Jozová, Irena Hoštičková, Jan Trávníček, Martin Klojda, Lucie Hasoňová (Czech Republic)

Animal Reproduction and Physiology

- 22** Effects of starvation-induced negative energy balance on endoplasmic reticulum stress in the liver of cows
Md Aminul Islam, Shuya Adachi, Yuichiroh Shiiba, Ken-ichi Takeda, Satoshi Haga, Shinichi Yonekura (Japan)

Ruminant Nutrition and Forage Utilization

- 29** Effect of feeding a diet comprised of various corn silages inclusion with peanut vine or wheat straw on performance, digestion, serum parameters and meat nutrients in finishing beef cattle
Hongrui Zhang, Liyang Zhang, Xiao Xue, Xiaoxia Zhang, Hongyi Wang, Tengyun Gao, Clive Phillips (China)
- 39** Effects of different nitrogen doses and cultivars on fermentation quality and nutritive value of Italian ryegrass (*Lolium multiflorum* Lam.) silages
Ibrahim Ertekin, Ibrahim Atis, Yusuf Ziya Aygun, Saban Yilmaz, Mustafa Kizilsimsek (Turkey)
- 47** Carcass and meat traits of bubaline finished on sugarcane-based diets supplemented with spineless cactus as a replacement for wheat bran
Christiano Raphael de Albuquerque Borges, Francisco Fernando Ramos de Carvalho, Maria Luciana Menezes Wanderley Neves, José Diógenes Pereira Neto, Guilherme Heliodoro Pedrosa Vieira, Ricardo Alexandre Silva Pessoa (Brazil)

Nonruminant Nutrition and Feed Processing

- 54** Effect of lipid source and emulsifier on productive and physiological parameters of broilers
Karine Isabela Tenório, Cinthia Eyng, Cristiane Regina do Amaral Duarte, Ricardo Vianna Nunes, Jomara Broch, Nilton Rohloff Júnior, Tânia Luiza Köhler, Edinan Hagdon Cirilo (Brazil)
- 64** The effect of multi-strain probiotics as feed additives on performance, immunity, expression of nutrient transporter genes and gut morphometry in broiler chickens
Avishek Biswas, Kapil Dev, Pramod K Tyagi, Asitbaran Mandal (India)
- 75** Effects of dietary supplementation of glucose oxidase, catalase, or both on reproductive performance, oxidative stress, fecal microflora and apoptosis in multiparous sows
Xiaojiao Sun, Longguo Piao, Haifeng Jin, K. Margarette C. Nogoy, Junfang Zhang, Bin Sun, Yi Jin, Dong Hoon Lee, Seong-Ho Choi, Stephen B Smith, Xiangzi Li (China)

Vol 35 No 1 · January 2022

- 87** Simultaneous feeding of calcium butyrate and tannin extract decreased the incidence of diarrhea and proinflammatory markers in weaned piglets
Camila Demarco Maito, Antonio Diego Brandão Melo,
Angela Cristina da Fonseca de Oliveira, Jansller Luiz Genova, Jair Rodini Engracia Filho,
Renata Ernlund Freitas de Macedo, Kelly Mazutti Monteiro, Saulo Henrique Weber,
Astrid Koppenol, Leandro Batista Costa (Brazil)
-
- Animal Products**
- 96** Seasons affect the phosphorylation of pork sarcoplasmic proteins related to meat quality
Xianming Zeng, Xiao Li, Chunbao Li (China)
- 105** Effect of pasture and intensive feeding systems on the carcass and meat quality of buffalo
Michela Contò, Giulia Francesca Cifuni, Miriam Iacurto, Sebastiana Failla (Italy)
- 115** Identification and functional prediction of long noncoding RNAs related to intramuscular fat content in Laiwu pigs
Lixue Wang, Yuhuai Xie, Wei Chen, Yu Zhang, Yongqing Zeng (China)
-
- Animal Biotechnology**
- 126** Relationship between DNA mismatch repair and CRISPR/Cas9-mediated knock-in in the bovine β -casein gene locus
Seung-Yeon Kim, Ga-Yeon Kim, Hyeong-Ju You, Man-Jong Kang (Korea)
-
- Animal Health**
- 138** Antimicrobial resistance in fecal *Escherichia coli* from different pig production systems
Jamlong Mitchaothai, Kanokrat Srikijkasemwat (Thailand)
-
- Animal Behavior and Welfare**
- 147** A comparative analysis of rumen pH, milk production characteristics, and blood metabolites of Holstein cattle fed different forage levels for the establishment of objective indicators of the animal welfare certification standard
Dong Jin Baek, Hyoun Chul Kwon, Ah Lyum Mun, Joo Ri Lim, Sung Won Park, Jin Soo Han (Korea)
-
- Book Review**
- 153** — Book Review — Insects as animal feed: novel ingredients for use in pet, aquaculture and livestock diet
Beob Gyun Kim (Korea)
