

Asian-Australasian Journal of Animal Sciences

November 2011

Volume 24 Number 11

Contents

ANIMAL BREEDING AND GENETICS

180. Development of an Integrated General Model (IGM) System for Comparison of Genetic Gains from Different Bull Selection Strategies for Korean Brown Cattle (Hanwoo) / *Jeongsoo Lee, Heebal Kim and Sidong Kim* (Korea) 1483
181. Identification of Superior Single Nucleotide Polymorphisms (SNP) Combinations Related to Economic Traits by Genotype Matrix Mapping (GMM) in Hanwoo (Korean Cattle) / *Yoonseok Lee, Dong-Yep Oh, Yong-Won Lee, Jung-Sou Yeo and Jea-Young Lee* (Korea) 1504
182. Genetic and Economic Analysis for the Relationship between Udder Health and Milk Production Traits in Friesian Cows / *H. G. El-Awady and E. Z. M. Oudah* (Egypt) 1514
183. A Restricted Partition Method to Detect Single Nucleotide Polymorphisms for a Carcass Trait in Hanwoo / *Ji-Hong Lee, Dong Chul Kim, Jong-Joo Kim and Jea-Young Lee* (Korea) 1525

ANIMAL REPRODUCTION AND PHYSIOLOGY

184. Validation of Gene Silencing Using RNA Interference in Buffalo Granulosa Cells / *Rachna Monga, Tirtha Kumar Datta and Dheer Singh* (India) 1529
185. Effect of MEM Vitamins Supplementation of *In vitro* Maturation Medium and *In vitro* Culture Medium on the Development of Porcine Embryos / *J. Y. Kim, E. J. Lee, J. M. Park and H. D. Park* (Korea) 1541

RUMINANT NUTRITION AND FORAGE UTILIZATION

186. Substituting Bakery Waste for Barley Grains in Fattening Diets for Awassi Lambs / *M. Y. Hindiyeh, S. G. Haddad and S. K. Haddad* (Jordan) 1547
187. Effect of Triticale Dried Distillers Grains with Solubles on Ruminal Bacterial Populations as Revealed by Real Time Polymerase Chain Reaction / *R. B. Wu, K. Munns, J. Q. Li, S. J. John, K. Wierenga, R. Sharma and T. A. McAllister* (China) 1552
188. Yield, Nutrient Characteristics, Ruminal Solubility and Degradability of Spent Mushroom (*Agaricus bisporus*) Substrates for Ruminants / *Y. I. Kim, W. M. Cho, S. K. Hong, Y. K. Oh and W. S. Kwak* (Korea) 1560
189. Changes in Metabolites Concentration in Nguni and Crossbred Calves on Natural Pasture / *M. Mapekula, C. Mapiye and M. Chimonyo* (South Africa) 1569
190. Effects of Synbiotics Containing Anaerobic Microbes and Prebiotics on *In vitro* Fermentation Characteristics and *In situ* Disappearance Rate of Fermented-TMR / *Shin Ja Lee, Nyeon Hak Shin, Gyo Moon Chu and Sung Sill Lee* (Korea) 1577
-

191. A Body Condition Scoring System for Bali Cattle / <i>F. S. Soares and G. McL. Dryden</i> (Timor Leste)	1587
--	------

NONRUMINANT NUTRITION AND FEED PROCESSING

192. Dried Sugarcane Press Residue as a Potential Feed Ingredient Source of Nutrients for Poultry / <i>B. N. Suresh and B. S. V. Reddy</i> (India)	1595
193. Effects of Varying Creep Feed Duration on Pre-weaning and Post-weaning Performance and Behavior of Piglet and Sow / <i>L. Yan, H. D. Jang and I. H. Kim</i> (Korea)	1601
194. Nutritional Evaluation of Canola Protein Concentrate for Broiler Chickens / <i>P. A. Thacker and D. Petri</i> (Canada)	1607
195. Effects of Carbohydrate and Water Temperature on Nutrient and Energy Digestibility of Juvenile and Grower Rockfish, <i>Sebastes schlegeli</i> / <i>Sang-Min Lee and Minh Anh Pham</i> (Korea)	1615
196. Early Growth Response of Broilers to Dietary Lysine at Fixed Ratio to Crude Protein and Essential Amino Acids / <i>A. K. Panda, S. V. Rama Rao, M. V. L. N. Raju, G. Lavanya, E. Pradeep Kumar Reddy and G. Shyam Sunder</i> (India)	1623

REVIEW PAPER

197. Pork Production in China, Japan and South Korea / <i>S.-H. Oh and N. C. Whitley</i> (USA)	1629
--	------
