INVITED REVIEW

1. Physiological Roles of Adipokines, Hepatokines, and Myokines in Ruminants / *Sang-Gun Roh, Yutaka Suzuki, Takafumi Gotoh, Ryuichi Tatsumi, and Kazuo Katoh* (Japan) 1

REVIEW PAPER

2. Intestinal Alkaline Phosphatase: Potential Roles in Promoting Gut Health in Weanling Piglets and Its Modulation by Feed Additives – A Review / *A. D. B. Melo, H. Silveira, F. B. Luciano, C. Andrade, L. B. Costa, and M. H. Rostagno* (Brazil) 16

ANIMAL BREEDING AND GENETICS

3. Identification of Single Nucleotide Polymorphism Marker and Association Analysis of Marbling Score in *Fas* Gene of Hanwoo / *Seung-Chang Kim, Seung-Hwan Lee, Ji-Woong Lee, Tae-Hun Kim, and Bong-Hwan Choi* (Korea) 23
4. Association between Single Nucleotide Polymorphisms of the Major Histocompatibility Complex Class II Gene and Newcastle Disease Virus Titre and Body Weight in Leung Hang Khao Chickens / *A. Molee, K. Kongroi, P. Kuadsantia, C. Poompramun, and B. Likitdecharote* (Thailand) 29
5. The Prediction of the Expected Current Selection Coefficient of Single Nucleotide Polymorphism Associated with Holstein Milk Yield, Fat and Protein Contents / *Young-Sup Lee, Donghyun Shin, Wonseok Lee, Mengistie Taye, Kwanghyun Cho, Kyoung-Do Park, and Hee-bal Kim* (Korea) 36
6. Variance Component Quantitative Trait Locus Analysis for Body Weight Traits in Purebred Korean Native Chicken / *Muhammad Cahyadi, Hee-Bok Park, Dong-Won Seo, Shil Jin, Nuri Choi, Kang-Nyeong Heo, Bo-Seok Kang, Cheorun Jo, and Jun-Heon Lee* (Korea) 43

RUMINANT NUTRITION AND FORAGE UTILIZATION

7. Nutritional Characteristics of Forage Grown in South of Benin / *Nadia Musco, Ivan B. Koura, Raffaella Tudisco, Ghislain Awadjihè, Sebastien Adjolohoun, Monica I. Cutrignelli, Maria Pina Mollica, Marcel Houinato, Federico Infascelli, and Serena Calabrò* (Italy) 51
8. Dynamics Associated with Prolonged Ensiling and Aerobic Deterioration of Total Mixed Ration Silage Containing Whole Crop Corn / *Huili Wang, Tingting Ning, Wei Hao, Mingli Zheng, and Chuncheng Xu* (China) 62
9. Effect of Fodder Tree Species with Condensed Tannin Contents on *In vitro* Methane Production / *Ernestina Gutiérrez Vázquez, Leonardo Hernández Medina, Liliana Márquez Benavides, Aureliano Juárez Caratachea, Guillermo Salas Razo, Armin Javier Ayala Burgos, and Ruy Ortiz Rodríguez* (México) 73

10. Effects of Elevated Crude Glycerin Concentrations on Feedlot Performance and Carcass Characteristics in Finishing Steers / <i>P. Chanjula, T. Raungprim, S. Yimmongkol, S. Poonko, S. Majarune, and W. Maitreejet</i> (Thailand)	80
--	----

ANIMAL PRODUCTS

11. The Differences in Chemical Composition, Physical Quality Traits and Nutritional Values of Horse Meat as Affected by Various Retail Cut Types / <i>Pil Nam Seong, Kyoung Mi Park, Geun Ho Kang, Soo Hyun Cho, Beom Young Park, Hyun Seok Chae, and Hoa Van Ba</i> (Korea)	89
12. Consumer Attitudes Toward Storing and Thawing Chicken and Effects of the Common Thawing Practices on Some Quality Characteristics of Frozen Chicken / <i>Hakan Benli</i> (Turkey)	100
13. Ethanol Extracts from Mistletoe (<i>Viscum album</i> L.) Act as Natural Antioxidants and Antimicrobial Agents in Uncooked Pork Patties during Refrigerated Storage / <i>Suk-Nam Kang</i> (Korea)	109
14. Effect of Fat Level and the Ripening Time on Quality Traits of Fermented Sausages / <i>Dong-Gyun Yim, Kyoung-Hwan Jang, and Ku-Young Chung</i> (Korea)	119

ANIMAL BIOTECHNOLOGY

15. Cloning and Characterization of an Endoglucanase Gene from <i>Actinomyces</i> sp. Korean Native Goat 40 / <i>Sung Chan Kim, Seung Ha Kang, Eun Young Choi, Yeon Hee Hong, Jin Duck Bok, Jae Yeong Kim, Sang Suk Lee, Yun Jaie Choi, In Soon Choi, and Kwang Keun Cho</i> (Korea)	126
--	-----

ANIMAL HEALTH

16. Effect of Polysaccharides from <i>Acanthopanax senticosus</i> on Intestinal Mucosal Barrier of <i>Escherichia coli</i> Lipopolysaccharide Challenged Mice / <i>Jie Han, Yunhe Xu, Di Yang, Ning Yu, Zishan Bai, and Lianquan Bian</i> (China)	134
---	-----

ANIMAL BEHAVIOR AND WELFARE

17. Effects of Gestational Housing on Reproductive Performance and Behavior of Sows with Different Backfat Thickness / <i>K. H. Kim, A. Hosseindoust, S. L. Ingale, S. H. Lee, H. S. Noh, Y. H. Choi, S. M. Jeon, Y. H. Kim, and B. J. Chae</i> (Korea)	142
18. Monitoring Activity for Recognition of Illness in Experimentally Infected Weaned Piglets Using Received Signal Strength Indication ZigBee-based Wireless Acceleration Sensor / <i>Sonia Tabasum Ahmed, Hong-Seok Mun, Md. Manirul Islam, Hyun Yoe, and Chul-Ju Yang</i> (Korea)	149
